*In a few instances data shown is effective a few days after date shown.

**Possible change was not available at press time.

¹Weekly benefit amount abbreviated in columns and footnotes as wba; base period, BP; base-period wages, bpw; fiscal year, FY; high quarter, HQ; high-quarter wages, hqw; average annual wage, aaw; average weekly wage, aww; benefit year, BY; calendar quarter, CQ; calendar year, CY; dependent, dep.; dependents allowances, da.; minimum, min.; maximum, max.; quarter, qtr.; week, wk.

²Unless otherwise noted, waiting period same for total or partial unemployment. In Ga. by interpretation. In Calif. it may be suspended by the Governor if compliance would hinder or delay the effects of any state of war emergency or state of emergency.

³When States use weighted high-quarter, annual-wage, or average weekly-wage formula, approximate fractions or percentages figured at midpoint of lowest and highest normal wage brackets. When da provided, fraction applies to basic wba. In States noted variable amounts above max. basic benefits limited to claimants with specified number of dep. and earnings in excess of amounts applicable to max. basic wba. In Ind. da. paid only to claimants with earnings in excess of that needed to qualify for basic wba and who have 1-3 depts. In Iowa, and Ohio claimants may be eligible for augmented amount at all benefit levels but benefit amounts above basic max. available only to claimants in dependency classes whose hqw or aww are higher than that required for max. basic benefit. In Mass. for claimant with aww in excess of \$66 wba computed at 1/52 of 2 highest quarters of earnings or 1/26 of highest quarter if claimant has no more than 2 quarters work.

⁴When 2 amounts given, higher includes da. Higher for min. wba includes max. allowance for one dep. In D.C., Md., and N.J., same max. with or without dep.

⁵In computing wba for partial unemployment, in States noted full wba paid if earnings are less than 1/2 wba; 1/2 wba if earnings are 1/2 wba but less than wba.

⁶States noted have weighted schedule with percent of benefits based on bottom of lowest and highest wage brackets.

⁷Benefits extended under State program when unemployment in State reaches specified levels; Alaska, Calif., by 50%; Conn. by 13 weeks; D.C. by 10 weeks; Oreg. by 25%. In Hawaii benefits extended by 13 weeks when a manmade or disaster causes damage to either the State as a whole or any of its counties and creates an unemployment problem involving a substantial number of persons and families. In P.R. benefits extended by 32 weeks in certain industries, occupations or establishments when special unemployment situation exists. Benefits also may be extended during periods of high unemployment by 50%, up to 13 weeks, under Federal-State Extended Compensation Program.

⁸For claimants with min. qualifying wages and min. wba. When two amounts shown, range of duration applies to claimants with min. qualifying wages in BP; longer duration applies with min. wba; shorter duration applies with max. possible concentration of wages in HQ; therefore highest wba possible for such BP earnings. Wisc. determines entitlement separately for each employer. Lower end of range applies to claimants with only 1 week of work at qualifying wage; upper end to claimants with 18 weeks or more of such wages.

⁹Waiting period compensable if claimant unemployed after 9 consecutive weeks, Mo.; when benefits are payable for third week following waiting period, N.J.; after benefits paid equaling 3 x wba, Tex., after any 4 weeks in BY, Minn..

¹⁰Or 15 weeks in last year and 40 weeks in last 2 years of aww of \$80 or more, N.Y.; 14 weeks of employment and BP wages equal to 20 x the State aww, Mich.; BP wages in 2 qtrs. of 1-1/2 x the min. Missouri taxable wage base for that year, Mo.; 20 wks. of work with 5% of monetary BP wage requirement (8% if insured average FY wage for preceding FY in BP) in each week Utah.; wages in 2 qtrs., 40 x wba in BP, Ga..

¹¹For N.Y., waiting period is 4 effective days accumulated in 1-4 weeks; partial benefits 1/4 wba for each 1 to 3 effective days. Effective days: fourth and each subsequent day of total unemployment in week for which not more than \$280 is paid.

¹²To 57% State aww if claimant has nonworking spouse; 64% if he has dep. child, Ill.; 1/19-1/23 up to 65% of State aww for claimants with dep. Iowa; 1/46 of wages in highest 2 qtrs. if the trust fund balance is at least \$90 million or as 1/52 of wages in highest 2 qtrs. if the trust fund balance is less than \$90 million, and the max. wba will be \$205, Del.; a State aww ranging from 60% to 66-2/3% depending on the balance in the fund, Minn.; wages in the 2 highest qtrs. divided by 45, Vt.; if HQ wages exceed \$4,964.99, the max. wba will be 39% of these wages divided by 13, Calif.; 1/25 of HQ if alternative qualifying wages are used, Ga..

¹³Up to 66-2/3% of State aww, La. 62% of State aww depending on the trust fund reserves or 65% of State aww depending on trust fund reserves and the State's average contribution rate if below the nationwide average for the preceding yr. N.Dak.; 60% of State aww if fund balance equals or exceeds 2.4% of total contributions paid, Wash..

¹⁴Duration can be much less than 26 wks. for individuals with only one BP ER, Okl..

¹⁵\$1,500 in any CQ in current or preceding CY unless otherwise specified.

¹⁶Max. amount adjusted annually: by same percentage increase as occurs in State aww (Ohio) by \$7 for each \$10 increase in average weekly wage of manufacturing production workers (Texas).

¹⁷The min. and max. wba's are frozen indefinitely, La.. The max. wba is frozen indefinitely, S.Dak..

¹⁸Wba's will be reduced by 5% or by the reduction determined by a trigger mechanism, but the wba may not be reduced to less than half the max. wba, Pa.; wba's over \$90 will be reduced to 35% of the computed amount when revenues in the fund are inadequate to pay benefits, Wyo.; the greater of \$197 or 40%, 57.5%, 55%, 52.5% or 50% of State aww of the second preceding CY depending on the condition of the fund, Okl..

¹⁹Qualifying wages are 200 times min. hourly wage in 1 qtr. and BP wages of 1-1/2 times HQ, however the BP wages must be at least 400 times min. hourly wage, R.I.; with min. aww the greater of 21 x general min. wage or min. wage applicable to farm workers on April 16, 1990, or \$80, (beginning Feb. 1, 1992, greater of min. aww of 21 times the min. hourly wage in effect on Feb. 4, 1991, or \$80), N.Y.; BP wages of 1-1/2 x HQ or wages in 3 of the 4 qtrs. in the BP, Nev..

²⁰Beginning Feb. 3, 1992, the max. wba will be \$300, N.Y.; beginning March 29, 1992, min. wba will be \$32 and the max. will be \$188, N.H..
